

1. 11 THE DISTRICT COUNCIL OF RIVIERE DU REMPART

- 1.11.1 The District Council of Rivière du Rempart (DCRR) is a body corporate established under the laws of Mauritius. It is responsible for the administration of 19 villages falling under its jurisdiction. Its main purpose is to provide an efficient and effective service delivery and devise schemes/projects to meet customer expectation for continuous development in the region under its purview and for improvement of the quality of life of its inhabitants.
- 1.11.2 The Council aims at: identifying ways and means to increase its resources to achieve sustainable development goals; improving the work environment for attaining high standards in the delivery of services; exploring partnership avenues with various sectors for a common goal, that is, a prosperous future for the region; and developing the district as a region where there is a harmonious blend of ancestral heritage and modernity, among others.
- 1.11.3 The main services provided by the DCRR include scavenging, construction and maintenance services as well as improvement of public infrastructures. The Council is also actively involved in matters relating to licensing, regulation and control of the conduct of business activities encompassing control of bare lands to ensure that they are properly kept and maintained. In parallel, it also caters for the management and maintenance of assets handed over by any Ministry/Department and the organisation of leisure, welfare and cultural activities for the inhabitants.
- 1.11.4 Representations from Union and Management were mainly for the creation of grades or reintroduction of evanescent ones; restructuring of the IT Department; reviewing schemes of service; upgrading of salaries; and Conditions of Service. During consultations, they were informed that it was not appropriate to open some positions to officers of another cadre as it may cause prejudice to certain officers by lowering their promotional prospect in their respective field.
- 1.11.5 Union members were also advised to raise a few issues with their Management such as provision of an insurance policy and grant of proper protective equipment or uniform to Refuse Collectors, as these were the latter's prerogative.
